Families are strongly encouraged to register during the Priority 1 registration period for the best chance at attending their catchment school for the 2021/22 school year. As per district policy, a student will normally attend the school located in the catchment area in which their parents or legal guardians reside unless there is no physical, resource or program space available.

For the 2021/22 school year, the above provision may need to be applied more frequently, potentially resulting in more students needing placement outside their catchment school. In this case, students will be placed at a nearby school by the District Administrator for Central Registration.
